FORMER FUEDIST SAYS JUDGE PLANNED PLOT

To Assassinate Men in Breathitt Fued Troubles.

SAY HARGIS PLANNED KILLING.

Confession of Men in Breathitt County Jail Are Said to Corroborate The Statement of Curtiss Jett Made Several Days Ago.

Lexington, Ky., July 4.—John Smith and John Abner, confined in Breathitt county jail at Jackson charged with assassinating Dr. B. D. Cox in April, 1902, James Cockrill, in July, 1902, and James B. Marcum, in May, 1905, during the Breathitt troubles, have made complete confessions detailing their complicity in the assasination of the three men. The news was brought here by Captain G. W. Henry, detective, from Dallas, who has been engaged to work up fued cases.

Sam Fields, of Hamilton, Ohio, former feudist, who was charged with killing a man named Spicer, during fued troubles, told Henry of the confession, stating that he had seen Smith and Abner in the Jackson jail and that they had told him that they had confessed, but that pending developments that would come up the confession would not be made public in full for two or three weeks.

Fields stated that the confession corroborated Curtiss Jett and Asbury Spicer in their confessions of two weeks ago regarding the Breathitt assassinations and there were most sensational developments in the last confession that neither Jett, Spicer or Mose Feltner, who made the first statement regarding Breathitt assassination plots in February, 1905, did not mention and that many new people never before mentioned would be brought in. Fields says that Smith and Abner both appeared relieved since confessing.

Fields said that he was the first man that Judge James Hargis had ever employed to assassinate James Cockrill. Fields said that he was standing on the street in Jackson one day some time before Cockrill was killed, when Judge Hargis approached him and told him that he would pay him $10,000 if he would kill Jim Cockrill.

Fields says that he was afraid to refuse the offer and when he accepted, Hargis detailed the plot to him. Fields was to engage Cockrill in a card game, take offense at some trivial thing and then kill Cockrill before the latter had a chance to shoot back, but to wait until he had drawn a pistol, so it would give Fields some semblance of self-defense.

Fields said that he did not carry out Hargis' orders and that the plot was afterwards detailed to Curtis Jett, John Smith and John Abner, but was never carried out. Fields said that after he had failed to carry out Hargis' directions in killing Cockrill, he was always afraid while he was in Jackson. Whenever he went to the court house or whenever a crowd congregated, he was always on the watch against assassination, knowing he would be killed if opportunity offered.

He said that before Cockrill was killed and after he had been offered $10,000 by Judge Hargis to murder Cockrill, he wrote leters to Governor Beckham, detailing plots against Cockrill's life, but that Beckham did not reply. When Hargis, Callahan and others were indicted in Fayette circuit here for murder of Cockrill, who died in a hospital here, Fields went to Frankfort and visited Governor Beckham and requested the return of letters he had written regarding plots to kill Cockrill.

Beckham denied having ever received such leters. Fields then returned to Jackson, but said that he became more frightened every day and finally left there going to Hamilton, O., where he had since lived.

Captain Henry said that Fields was badly frightened and was continually watching while he was talking to him. Fields said that at the time he was not safe in Jackson and that he was only in that city at the time he had to appear in the Hargis trial at Beattyville, during the coming week.

Fields was formerly a member of Judge James Hargis' fend faction, and he and Hargis were close friends. It is said that Hargis assisted him in obtaining his release when he was charged with killing Spicer. Fields was on his way to Beattyville when he was seen by Henry. He said that he was not out of danger of assassination so long as he remained in that section.

He said that Smith and Abner were evidently much relieved at having made their confession. Captain Henry said that while he was at Torrent, members of the Hargis faction, Cockrills, Fields and others prominent in mountain troubles were present in large numbers, and that while seemingly friendly were watching each other closely and that the least belligerent movement would have precipitated a conflict. He said that nearly all of them were armed with eight shooting magazine pistols.

Efforts were made to keep the confession of Smith and Abner secret, but they told Fields about it.

The trial of Judge James Hargis, charged with the murder of James B. Marcum was begun at Beattyville, Lee county, Monday.

Trains Collide in a Deep Cut.

Mobile, Ala., July 4—A regular and an extra freight train on the Mobile, Jackson and Kansas City railroad met in a cut about 2 miles south of Newton, Miss., in a headon collision which smashed both engines and killed the two firemen, Dan Ford, a negro, and George Sanders, white. Engineer Boyd, of the regular freight, was seriously injured and Brakeman Hayne and Jones slightly. The dead and injured were carried to Newton, Miss. The tracks were cleared in about two hours. The cause of the collision is said to be the overrunning of the meeting point by the extra freight.

Collins Falls from Train.

Jackson, Ga., July 4.—Jeptha A. Collins, who was a passenger on train No. 9 on the Southern railway, coming home from Macon, was thrown from the train and received such internal injuries as caused his death later. He attempted to leave one car and go to another and the train suddenly lurched around a sharp curve, and he became overbalanced and fell to the ground, with the results named. Mr. Collins was about 35 years of age, and lived in the extreme western portion of Butts county. He was a prosperous farmer, and highly respected by his neighbors.

Perkins Out of New York Life.

New York, July 4.—The registration of George W. Perkins as trustee of the New York Life Insurance company, was accepted at a special meeting of the board Monday. Mr. Perkins tendered his resignation last December, but no action was taken until the last meeting of the board, when the trustees declined to accept it. At the meeting Monday Mr Perkins insisted upon its acceptance.

Millenial Prophet Dead in Richmond.

Richmond, Va., July 4.—Rev. W. C. Thurman, who predicted that the millenium would come in 1875, and whose prediction was believed by thousands of people, possibly half of whom were residents of Chicago, where he then lived, died in the city home, here, on Monday, aged 86. He was a native of Albemarle county, Virginia. He was a voluminous writer of pamphlets and books.

Wiley Williams Re-elected Chief.

Columbus, Ga., July 4.—Chief of Police Wiley Williams has been elected to succeed himself for a term of two years. He received the vote of every member of the police board. Captain Williams has served as chief of police since 1892, with the exception of one term when he resigned to become a candidate for prison commissioner.

In the Hands of Governor.

Jefferson City, July 4.—Division No. 2 of the supreme court Tuesday overruled a motion to transfer the case of Mrs. Aggie Myers to the court en banc for a hearing. Her fate is now in the hands of the governor. Tipton and Frank Hoffman were convicted of murdering her husband and sentenced to be hanged.

WHITE MAN KILLED ON S. A. L. TRACK

Victim Met His Death Between Ocala and Anthony.

EVIDENTLY ASLEEP ON TRACK

Hand of the Unfortunate Man Discovered in Ash Pan of Engine When Train Reached Waldo—Was Sawyer at a Sawmill.

Information was received in the city yesterday that a man was run over by Train No. 8 of the S. A. L. on Wednesday night between Ocala and Anthony. The man was evidently asleep on the track, and when the fireman of the engine was cleaning out the ash pan at Waldo he discovered one hand of the victim, which had been severed above the wrist. The man is said to have been a sawyer at a small mill near Anthony. His name was Clifford, or Guilford, the reporter's informant not being positive as to his name. The negro fireman was terribly frightened when the dead man's hand fell from the ash pan.

AN IMPORTANT BILL.

Commissioner Dampier Prepared Important Measure.

The following is a copy of a bill which was drawn by Hon. J. G. Dampier, chairman of the Board of Alachua County Commissioners, and adopted at the recent meeting of the State Good Roads Association:

"An act to provide for the payment or transfer of all surplus funds in the 'fine and forfeiture' fund of the various counties in the State of Florida, into such other fund or funds as the county commissioners of the various counties of Florida may in their judgment deem best.

"Be it Enacted by the Legislature of the State of Florida:

"Section 1. That all funds in the hands of the county treasurers of each of the several counties of the State of Florida to the credit of the fine and forfeiture fund of said counties exceeding four thousand dollars, shall, in the discretion of the county commissioners of each and every county of the State of Florida, be paid or transferred into such of the other funds of said county or counties as may be in need of the same at any time whenever the county commissioners of each and every of the several counties of the State of Florida shall in their judgment deem the same to be of benefit or advantage to the county of which they are commissioners. And the transfer of said funds shall be made by warrant or warrants drawn by the county commissioners of the several counties of the State of Florida, upon the treasurer thereof, in favor of the fund or funds so named or selected by them, and the warrant or warrants so drawn by them shall be cashed into said fund or funds so named, or selected by them, without any treasurer's commission therefor.

"Sec. 2. That all laws or parts of laws in conflict with this act be, and the same are hereby repealed.

"Sec. 3. This act shall take effect immdiately upon its approval by the Governor."

The following resolution was also offered by Mr. Dampier, the purport of which was embodied in another resolution and adopted:

"Be it Resolved by the County Commissioners' Good Roads Association as follows:

"Whereas, The provisions of chapter 5245 of the laws of Florida, an act providing for the building of county hard roads and providing appropriations therefor, approved June 6, 1903, have never been carried into effect by the trustees of the Internal Improvement Fund; therefore, be it

"Resolved, That the Senators and Representatives of all the counties of the State of Florida, represented in the above Association, are hereby earnestly requested, during the next session of the Legislature, to use all fair and proper means to secure the adoption of a resolution providing for an inquiry into and a report upon the cause of the failure of said board to carry into effect the provisions of said chapter 5245."

ISLAND GROVE NOTES.

Marriage of a Well Known and Popular Young Man at Titusville.

Island Grove, July 4.—The building movement seems to have taken hold of the people of our burg.

Mrs. Coulton has had an addition put to her dwelling, which has greatly improved it both in appearance and convenience.

The Baptists are putting a steeple to their church, and are going to repaint the church both inside and out, and a good deal of other improvement such as repairing, ceiling, etc., is going on. This is very pleasing to us. Why can we not get up a village improvement society? We need something to arouse our people and interest them still more along the line of improvement.

Mr. and Mrs. Wm. Evans and son, Harvey, and Mr. and Mrs. H. M. Baker and baby, departed today for Chicago, where they will spend the remainder of the heated term visiting relatives.

Frank Baker and sister, Miss Bessie, returned from Titusville and other points South, Friday. Frank's friends were much surprised when he returned, to find that he had brought Miss Julia Mae Frascher of Titusville, as his bride. The ceremony was performed by Rev. Stone, at the residence of the bride's parents at Titusville Wednesday morning at 7 o'clock. While the bride is not very well known by us, the reports are that she is of a most lovable disposition and everything that could be desired to make the life of man happy. The groom is a well known young man of this neighborhood, and bears a character above reproach. The boys gave them a stirring serenade Friday night. The singing was the most notable feature of the serenade and is well worthy of mention. We wish for them a long, peaceful, happy married life, marred only by enough clouds to make the sunshine more appreciated.

NEWBERRY NOTES.

A Romantic Marriage—Notes of Personal Interest to Sun Readers.

Newberry, July 3.—Mr. Elmore Saxon and Miss Lois Neta Cox were married at the residence of Mr. and Mrs. R. H. Frazee, Saturday evening at 4 o'clock, Judge T. E. Hendersoh officiating. The marriage was a surprise to the many friends of the bride here, she being here on a visit, and no one knew of the happy event until it was over.

Dr. and Mrs. J. F. Ruff have returned from Wewahitchka. Mrs. Ruff's many friends are delighted to know that she is improving rapidly.

Pat Hubbard is at Floral City this week in charge of May Bros.' racket store, while the manager, T. J. Woods, is off on a trip to Georgia.

Miss Sarah Williams has returned from a visit of some length to Georgia, to the delight of her many friends and admirers.

Mrs. C. D. May, who is at Tate Springs, Tenn., writes that she is regaining health rapidly, which is gratifying to her many friends.

S. P. Getzen spent Saturday and Sunday at Ft. White.

MR. FUTCH DEAD.

Succumbed to Injuries Received in a Fall at Worthington Springs.

The remains of Mr. Futch, an aged gentleman and old resident of Webster, passed through the city yesterday en route from Worthington Springs to his home.

While nothing definite regarding the affair could be learned, it was ascertained that a few days ago Mr. Futch, who was an aged man, had the misfortune of a fall at Worthington Springs, which so injured him as to cause his death.

The remains were taken to Webster, where on Tuesday the interment was held.

Deceased has two sons in Lake City, and it is said he is related to the people by the same name in this county.

TRIED TO MURDER HIS ENTIRE FAMILY

And Mississippi Man Almost Succeeded.

MAD BECAUSE WIFE LEFT HIM

He Thought He Had Killed the Entire Family When He Fired a Bullet Into His Head—Brewer's Wife Refused to Return.

Lucedale, Miss., July 4.—In an attempt to exterminate his family, Chas. Brewer Monday night shot and killed his wife and his mother-in-law, wounded his wife's grandmother, and his infant child, and then shot and killed himself.

The tragedy was prompted by anger. Brewer's wife left his home a few days ago, alleging that he was treating her badly. She went to her mother's home, where Brewer called and entreated her to return to him.

He became angry when his wife refused to leave her mother's house and drawing a revolver began shooting at the women.

When his wife and her mother had been killed, Brewer continued to shoot until he thought every other member of the family was dead, and then fired a bullet into his own temple.

THE NEWS FROM MELROSE.

Misfortune of a Melrose Young Man. Matters of Personal Interest.

Melrose, July 3.—Miss Esther Le Gette and Mr. J. F. Childers were married at the home of her parents on Wednesday morning. The wedding was entirely private, only members of the family being present, these including Mr. and Mrs. Futch and children and Frank Le Gette of Webster.

The first watermelons of the season were brought to town Thursday evening and sold just as fast as they could be handed out.

Capt. H. Grimes was a visitor in town on Saturday, returning to Jacksonville the next day.

W. S. Yearwood is improving his home by an addition and other alterations.

Notice has been received in town of the recent death of S. H. Ingham, a former resident.

Clinton Whitney has returned in a much damaged condition. While in Richmond he had the misfortune of falling off the elevated railroad, breaking one leg and badly spraining the other.

C. W. Rogers of Live Oak is visiting his wife and daughter at the Huffman House.

Guilty of Murdering Son.

Kansas City, July 4.—A jury in the criminal court here Tuesday for the second time rendered a verdict of guilty of murder in the first degree against John Martin Speyer, a circus performer formerly of New Orleans, who killed his little son here four years ago. Speyer cut his boy's throat while a mob was trying to reach him for an alleged assault on a young girl. He was convicted at the first trial, but was given a re-hearing.

McNaught Retires from Call.

San Francisco, July 4.—Following the retirement of John McNaught of the San Francisco Call, it was announced Tuesday that S. C. W. Hornick will be editor and general manager of that paper. He formerly was manager of the St. Paul Dispatch, and is a director in the American Newspaper Publishers' association. John D. Spreckels, owner of the Call, has placed Mr. Hornick in full control of all departments of the paper.

Root Sails for South America.

New York, July 4.—Spick and span in new paint and furnishings, and with the excellent new "state" quarters complete in every detail, the armored cruiser Charleston Monday sailed from the navy yard on her mission of carrying Secretary of State Root and his family to South America.

STATE CAPITAL NEWS NOTES

Senator Frank Sams Given Credit For Saving Primary.

SALE OF LAND BY TRUSTEES

All Sales Conducted Privately—Land Sold to Jennings Was Marshes on Which Grew Black Mangrove—A. C. L. Still Refuses to Obey Order.

Tallahassee, July 1.—To Captain Frank Sams, whose sense of fairness prevented him from voting the proxies he held at the meeting of the State Committee in Jacksonville recently when the Hocker resolution was before the committee, belongs the doubtful honor of having saved intact the primary system. Whether Captain Sams deserves the thanks of the people or not is debatable, for there are many who would gladly go back to the conventions, but all will agree that Captain Sams in his action has shown that he is a man that can be trusted to do no violence to the wishes of those he represents. Had he followed his own desires he would have willingly assisted in overthrowing the system, but he was too honorable a man to use the proxies he held for any other than the purposes for which they were intrusted to him.

Some time ago the trustees of the Internal Improvement Fund sold to Mr. Joseph Jennings of Miami a tract of 59,000 acres of submerged lands for $25,000. The lands were not to be found on any maps and could only be located by the meander line charts made for marine purposes. The lands being under salt water are absolutely worthless except for the bark of the mangrove trees that grow upon them, which is used for tanning leather. Certain of the Florida papers, possibly from lack of information, have found in the sale ground for severe criticism and insinuation. Why were the lands sold at such a small price and why were they sold at a private sale? is asked.

Since the creation of the trustees of the Internal Improvement Fund, all sales belonging to the Fund have been conducted in the manner prescribed by law. There has never been a public sale of Internal Improvement Fund land.

The Trustees are required to fix the value of the lands with due regard to its location, accessibility, timber, etc., and in the above instance investigation will show that the sum paid by Mr. Jennings was a fair price for the swamp he bought.

The Department of Agriculture is in receipt of the census returns for Escambia county. The returns were destroyed by fire, and a second census had to be taken. The figures are disappointing. The small gain in the county is perhaps due to the epidemic of yellow fever there last year.

The Atlantic Coast Line Railway persists in its refusal to haul the poles, wires, material and men of the Postal Telegraph Company, in defiance of the orders of the Railroad Commission. Last year the Postal Telegraph Company complained to the Railroad Commission that the A. C. L. was discriminating against them in favor of the Western Union Telegraph Company in refusing to transport and distribute their material and failing to perform the service of a common carrier. The matter was heard before the Commission and an order was issued to require the A. C. L. to "cease such unlawful discrimination against the Postal Telegraph Company and haul and distribute their poles and material along their right of way." The railroad persisted in its disregard of the order and the Commission then sought by mandamus to compel obedience. The Supreme Court decided that the order of the Commission specifying the Postal Company was itself a discrimination. Another order intended to cure the defects of the former one has since been issued, which the railroad still refuses to obey. The same ground is being gone over; the Commission has again resorted to a mandamus, arguments of which were heard in the Supreme Court Tuesday.

The Legislature of 1905 appropriated $2,500 for the maintenance of two summer training schools for white teachers, one to be conducted at the University at Gainesville and one at the Female College at Tallahassee, and one for negroes to be conducted at the Colored Normal, also at Tallahassee. The intention of these schools is to give the teachers special training for their work and to fit them for the work of teaching. At Tallahassee there are 87. There are between 40 and 50 at the Colored Normal, about 250 altogether. This training will be of immense value to the school system of the State; teachers attending them have the advantage of instruction from specialists and the benefit of the splendid equipment of the colleges at which they are conducted at no cost except the expense of living. Floridians are alive to the necessity of improving the common schools of the State and for several years the tread in educational matters has been onward and upward.

"IT SAVED MY LIFE"

PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For 25 years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Address, Lynn, Mass.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs E H Branson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

A Pleasant Party.

Little Misses Annie and Lucretia Dorsey, daughters of Mr. and Mrs. W. S. Dorsey, gave a delightful party Tuesday afternoon in honor of their cousin, Little Miss Laura Brownfield, who is visiting them from Jacksonville.

This function was well attended, and those who were present are under many obligations to the little hostesses.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

SHERIFF FENNELL RETURNED.

Went to Take Unfortunate Man to State Asylum for the Insane.

Sheriff L. W. Fennell has returned from Chattahoochee, where he went on Saturday to take M. Cutter, who was recently adjudged insane. Mr. Fennel states that the patient behaved finely, and that he had no trouble whatever. He appears to be rational in every matter except that which pertains to the recent death of his wife, when he becomes frantic, and goes almost into convulsions.

"Cutter it must be admitted is weak-minded," said Sheriff Fennell, "but he is by no means a bad man—he is what might be termed a harmless maniac on one subject alone, and that is the death of his wife, to whom he was greatly devoted. He will be given easy chores about the asylum, and I would not be suprised if he did not come out all right in a short while."

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Justice Colman's Court.

Justice Colman held court Monday for the the first time in several days, and that official was getting mighty uneasy about his prospects.

However, John Chresostomidhes' son was struck by J. B. Haile, a dusky son of Ham, and that set the mill to grinding and gave the officer something to do.

Haile was arraigned before the justice upon a charge of aggravated assault, and was assessed a fine of $10 and costs. The fine was suspended, however, as Justice Colman discovered later that the defendant had "paid the freight" in the mayor's court a day or two previous.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollom & Co.

Card of Thanks.

George Esterbrook desires through The Sun to express thanks and appreciation to Miss Lynn, head nurse, and her assistants, at the National Odd Fellows' Sanitarium, for their uniform kindness during his recent confinement there. Mr. Esterbrook is loud in his praise, and says he will never forget the kind attention shown him.

MAYOR MADE RAID ON THE GAMBLERS

Many of Them Fined in Municipal Court on Monday.

ARRESTED BY CHIEF PINKOSON

Chief of Police Ran Into a Genuine Gambling Game Friday Night and Arrested Eight Out of Ten Single-Handed—Other Fines.

One of the heaviest municipal courts held in this city for the past year was pulled off Monday, when several offenders of the ordinance against gambling were brought before Mayor Thomas for disposal.

The following was the docket, a greater part of the defendants having been arrested single-handed, in one "bunch," by Marshal Pinkoson.

Those arraigned for gambling were Tom McFadden, Frank Sanchez, Will Rowe, Otha Sapp, Will Bell and Framp Davis. They were each assessed a fine of $5 and costs, which was promptly paid. Harry Dorsey and "Kid" George were arrested in the same gang, but forfeited a $10 bond each. Chas. Hill, who was also arrested, was acquitted, as it was proven that he was not engaged in the game.

J. E. Omera, for being drunk, was fined $5 and costs. Tom Jackson, for fighting, was assessed to pay a fine of $2.50 and costs.

Asthma Sufferers Should Know This

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollam & Co.

Will Go to Oregon.

J. B. McDonald, who for many years was associated with this section in the manufacture of lumber and naval stores, who later went to Carrabelle, and eventually returned here, has gone to Carrabelle. After a couple of weeks spent there straightening up his business affairs, he will proceed to Fountain Creek, Tenn., where he will spend a couple of weeks with relatives. From there he proposes to proceed to Ashland, Oregon, where he will engage extensively in the manufacture of lumber.

Friends of Mr. McDonald here regret very much to lose him, but trust that he will do well in his new Western home.

ON DOUBLE CHARGE.

Will Jackson Sent Up for Toting Pistol and Making An Assault.

Deputy Sheriff J. H. Granger left Monday for Ocala, having in custody William Jackson, colored, who was convicted in Justice Henderson's court at Newberry upon two charges—carrying concealed weapons and aggravated assault.

It appears that Jackson, who has been working for the Tyler Lumber Company, Tyler, became engaged in a difficulty with another negro, an employe, over a trivial matter, when Jackson drew a gun and made an attempt to shoot. Some person nearby grasped the pistol instantly, and he was prevented from doing any damage.

Jackson was arrested and arraigned before Justice Henderson. He was assessed a fine of $100 and costs or six months in the first case, and $25 and costs or three months on the charge of assault. Not having the "wherewith" to pay his fine, he was committed to the camp of S. A. Rawls & Co. for nine months.

THE BOARD OF CONTROL.

Regular Meeting Held Here Monday Attended by a Full Board

The regular meeting of the Board of Control was held in this city Monday, there being a full board present as follows:

Hon. N. P. Bryan, chairman, Duval; Hon. J. G. Kellum, secretary, Leon; Hon. T. B. King, DeSoto; Hon. P. K. Yonge, Escambia; Hon. J. C. Baisden, Suwannee; Dr. J. Brown, Lake.

Dr. Andrew Sledd, president of the University of Florida, and W. A. Edwards, architect for the University buildings, were also present.

There was nothing of unusual interest outside of the ordinary proceedings, and the board finished its work in a remarkably short time.

In the morning the members of the board were driven in carriages to inspect the progress at the University grounds, and expressed themselves as being well pleased.

K. OF P. INSTALLATION.

Officers of Mount Vernon Lodge No. 20 Installed for Ensuing Term.

Mount Vernon Lodge No. 20, Knights of Pythias, held an interesting meeting at their castle hall Tuesday evening, at which the following officers were installed for the ensuing term:

D. M. Tomkies, C. C.; Turner Pound, V. C.; L. J. Burkhim, P.; A. M. Cushman, O. G.

At the conclusion of the meeting refreshments consisting of ice cream and cake were served. They were followed by cigars and a pleasant smoker, which will be long remembered by those present.

A subscriber writes The Sun as follows: "We have but one Yosemite Valley, one Niagara Falls, one Yellow Stone Park, and one Everglades. Why not make a National Park of the latter, instead of draining it?"

Judge J. D. Beggs, of the Criminal Court of Record of Orange county, has made an example of a turpentine operator who was convicted of cruelty to convicts on his farm by fining him $2,500 or five years in the penitentiary.

The people of Florida deeply sympathize with Ex-Senator Wilkinson Call in the death of his beloved wife, which occurred in New York on June 25th. Mrs. Call was at one time regarded as the handsomest woman in Florida.

County Solicitor W. J. Bryan of Duval county is after the Jacksonville ice trust. It is to be hoped that he will succeed in bringing the guilty parties to justice as effectually as was recently done in Toledo, Ohio, where the managers of the five companies in the combine were each fined five thousand dollars and sentenced to one year in the work house.

Judge Carter has compelled the Pensacola Water Company to reconnect its main with certain residences in that city from which the water had been shut off, because of refusal to pay bills which were higher than the rate contracted with the consumers, as well as the maximum rate stipulated in the ordinance granting the franchise. The sooner public utility corporations are given to understand that the people have some rights the sooner they will respect those rights.

First thing the Board of Public Works knows the contract with the Gainesville Gas and Electric Power Company for lighting the city will have expired and the city again be at the mercy of this corporation. Come, gentlemen, obey the mandate of the people and take action towards municipal ownership of lighting plants. If the company will not sell at a reasonable price, construct an entirely new plant. It is safe to say, however, that if the company finds that the Board of Public Works is in earnest and it will be deprived of the revenue derived from pretending to light the city it will come to terms at a reasonable price.

Referring to the Constitutional Amendment creating a permanent board of drainage commissioners, which is to be voted on next November in the general election, The Times-Union says: "Let it be remembered that the proposed Constitutional Amendment would put into the hands of five men powers greater than the Legislature itself possesses, powers in the exercise of which it is subject to no check except the mandates of the courts. Let the people remember that this amendment means a revolution backward, away from the fundamental ideas of American government and in the direction of an irresponsible autocracy. Then, if the people of Florida vote it into the organic law of the State, vote it knowingly and wilfully, they will have set the seal of condemnation on every idea of self-rule, of Democratic government, of fairness and justice."

THE DRAINAGE QUESTION.

The drainage of the Everglades appears to be the only issue in State politics at this time. Heretofore there have always been a number of issues, either real or imaginary, before the people of Florida with which to instill interest in the ordinary Floridian pending the meeting of the Florida Legislature. But this year there appears to be but one question involved in the discussion of State issues. This drainage scheme is taking the wind out of the sails of every other question in the State, even the efforts of the Lake City contingent to make an issue out of the University question falling as flat as a gang plank.

But this drainage question is a live issue. It is also an important one. The Sun does not hesitate to say that it is the most important question entering into State politics since 1876. According to the meagre estimates which have been given about five millions of dollars will be necessary to complete the drainage of the Everglades on the gigantic plan which the Governor of Florida has proposed. The expense to be attached to the drainage of the Everglades would make it a pretty live issue in Florida politics, but there are other features in connection with the plan as proposed by Governor Broward which makes it even more important. In the first place, there is the method of taxation. There have been some good arguments brought to bear to show that the plan of taxation by which the Governor and his board of drainage commissioners are to defray the expenses of draining the Everglades is an unjust one. The taxing of lands one hundred miles from Lake Okeechobee, when the lands so taxed are fifty feet above the level of that great swamp and under cultivation at this time, for digging a ditch by which to reclaim lands in which the owners of land taxed are not at all interested, does not appear to be equitable nor fair. The fact that the State of Florida owes the railroads by virtue of the acts of the Legislature many thousands of acres of land, and that the railroads might sue and obtain possession of the lands, or a part of them, after they had been once drained, is another ground advanced for opposing the scheme.

But even with all of this considered, Governor Broward had a pretty plausible argument to offer when he made his campaign against Robert W. Davis for the Democratic nomination for Governor. Evidently the people thought so, for they gave him a majority over the distinguished gentleman who opposed him in that race.

The Sun believes that this question of draining the Everglades is too important to be determined without a careful study. We believe that every voter in this State ought to become familiar with the issues involved. They ought to study both sides of the question, and while it appears from what has been given out during the past three months that the opposition to drainage has the better of it, the Governor is entitled to be heard. The people of Gainesville and Alachua county ought to invite Governor Broward to Gainesville to discuss the question. They ought to go farther than that. When that invitation is extended those who are opposing the Governor ought to be notified and given the opportunity to be heard. That is the only fair means of obtaining anything like a fair knowledge of the merits and demerits of either side of this great controversy. The Sun hopes that its suggestion will be followed and the Governor and some of those who are to stump the State for the opposition will be heard here in joint debate.

Every voter ought to pass upon this question next November intelligently. There is but one way to gain the knowledge necessary to a thorough understanding of both sides of the question. That is by studying the contentions and claims of the Governor and those opposed to drainage.

AS HE SAW CHRIST.

The Tampa Globe says: "To read in a personal letter written about two thousand years ago by an eyewitness, a description of Jesus, is the treat ecclesiastical Europe is now enjoying. The letter, which appears to be one of the most important historical documents unearthed in modern times, was written by an officer of Pontius Pilate's court to the Roman emperor. It is said to have been recently discovered in the library of the Lazarist fathers in Rome.

"That part of the epistle which tells how the Saviour looked is translated as follows: 'He is a man of medium size, whose appearance indicates both great sweetness and such an amount of dignity that one feels in looking at him that he must love him and at the same time fear him. His hair, down to his ears, is of the color of ripe walnuts and hangs down on his shoulders in a light blond and clear mass; it is parted in the middle, according to the fashion of the Nazarenes. His beard, of the same color as his hair, is curly, and, although not very long, is parted in the middle like his hair. His eyes are rather severe, and shine like the sun; it is impossible for anyone to look him in the face. When he scolds he inspires fear, but very soon he himself begins to shed tears. Even in his most severe moods he is affable and benevolent. It is said that no one has ever seen him laugh, and that he sheds tears very often. Everyone finds that his conversation is agreeable and attractive. He is not seen very often in public, and when he appears he carries himself modestly.'

"Churchmen are endeavoring to establish the authenticity of the writing because of the important testimony it contains relating to the miracles performed by Christ."

GO SLOW.

The Sun has the highest respect for each and every member of the City Council. We believe they are guided, individually and collectively, in their actions for what they deem to be the best interests of the city. We would respectfully call their attention, however, to the fact that they are placing heavy burdens on some property owners in the requirement of sidewalks, and in some instances such requirement almost amounts to confiscation of property. We have in mind a piece of property which only rents for five dollars per month, the owner of which is required to construct a granolithic sidewalk. After deducting taxes, insurance and cost of repairs the rental of this property will not pay for the construction of the sidewalk in two years. The property is located in negro quarters and there is no necessity for such a sidewalk. Furthermore, it is unjust to require the construction of granolithic sidewalks until the same have been thoroughly tested, and we have heard more than one person say that such sidewalks are a failure.

The people of Gainesville are heavily burdened with taxation, and where rock sidewalks are in good repair it is an imposition to require the construction of sidewalks of other material in their stead. Such requirement was never contemplated by the Legislature that passed the present city charter, and the council should not tax property owners out of house and home simply because they have the power to do so.

By the time the average property owner pays for the construction of sidewalks, paving of streets and connection of premises with the sewerage system he will not have the wherewith to buy a decent meal. The council should deal out the "medicine" in broken doses, unless it is their desire to force many people to relinquish title to their homes to people financially better able to take the whole medicine chest at one dose.

CONGRESS AND THE PRESIDENT

In discussing the bill to pay the expenses of the President and his friends while traveling, Senator Bailey said he had heard that there had been an increase of $100,000 in expenses during the incumbency of the present President. "I don't know how that may be," he said, "and all that I have to say is that if it is true he has cost more and is worth less than any President we have ever had." Senator Tillman thought it was intended that the President should use the appropriation in traveling for campaign purposes—in going from one place to another "to help out lame ducks who want to get back to the Senate or to the House." Senator McCumber, Republican, found in the provision a tendency to European systems, permitting a retinue. He said we might well look forward to the time when there would be chamberlains, keepers of this thing and that. He also objected to the provision on constitutional grounds, claiming that the proposed appropriation comes within the inhibition against emoluments and increase in salary, and supported this point by saying that "to save is to gain, and that gain is an emolument." The appropriation would save money to the President and would thus prove an emolument. Senator McLaurin objected to taxing the people to make a class distinction—that a man in a high position is better than a man in a low position. It is impossible, he said, to tell where such a class movement would end. The man next in line would want the same allowance, and so on down until eventually the workingman would bear all this accumulated burden.

The bill had passed the House of Representatives by a strict party vote, the day before. It is a distinctly Republican measure and is in keeping with the theories of that party. It is plunder of the treasury by an unconstitutional law, to create class distinctions and privileges, to enable the President to exert an undue influence over the press by inviting his press agents to travel with him at public expense, and to enable him also to go into doubtful States and work for party candidates at public expense.

The railroads have been willing and anxious to furnish special trains for the President and his friends free of cost, whether on pleasure bent or on political trips. The Republican Congress has now saddled the cost on the people and the railroads will be $25,000 a year ahead.

The office of county commissioner is the poorest pay of any in the State, though one of the most responsible. In this connection The Times-Union refers to a recent ruling of the State Auditor as follows: "The State Auditor has ruled that the maximum amount a county commissioner can draw from his county for payment of services in one year is $100 for fifty days' work, either in attendance at meetings, or in the inspection of roads, together with his mileage for attendance at meetings only. Any additional work on the road or in attending meetings beyond those fifty must be given free. The Pensacola Journal draws attention to this ruling as a subject for legislation and calls upon legislators from Escambia county to devote a little time at the session next year to preparing and presenting a statute defining the powers and fixing the compensation of county commissioners. This is the dawn of the day of hard roads in Florida and in many cases the county commissioners, in justice to the public, should devote some time to personal inspection of the work done. The fifty days for which pay is allowed and the restriction of mileage will prove in the future an injustice to the public and the official alike."

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects *in any condition of the system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

The Sun endorses the following from The Tampa Times commendatory of one of the most accommodating railroad men in the United States: "The appointment of T. C. White to be general passenger and ticket agent of the Atlantic Coast Line railway will meet general approval in this section at least of his future jurisdiction. Mr. White is familiarly known to the people of Tampa and to the people of Florida generally, and no man stands higher in the esteem of the people who do business with the road. Young, active, thoroughly familiar with the practical work of railroading, from the ground up, alive to the wants of the public, considerate of every interest, Mr. White has been placed in a very responsible position which he will fill to the satisfaction of the railroad and the people it serves. Incidentally, every young man just making a beginning in the profession might well look to Tom White as an exemplar to be imitated in all those qualities which build for good and promote men to the higher ranks."

When it comes to a successful candidate, Hon. J. M. Rivers of Alachua is certainly one. He has asked for office a number of times and has never yet been defeated, though each time he had strenuous opposition. Other politicians would do well to secure a few points from Mr. Rivers.—Palatka Times-Herald.

Referring to Hon. Frank Clark, Congressman from the Second District, taking up his residence in Gainesville, The St. Augustine Record "magnanimously" remarks that "aside from St. Augustine, Congressman Clark could not have made a better choice."

THE FOURTH WAS A BIG DAY HERE

Fine Program Was Arranged, But Heavy Rains Interfered.

THE BASE BALL GAME

Oak Halls Defeated Starke by a Score of Nine to a Goose Egg—Visitors Were Rattled in First Inning—Rain Prevented Regular Program.

The great and glorious Fourth of July, the birthday of the nation, was passed in Gainesville in a pleasant and most enthusiastic manner, notwithstanding the inclemency of the weather. The fact that Gainesville was to celebrate this occasion, and celebrate it properly, brought several hundred people, who had been induced to come on account of the convenient schedules and low rates, and the promise that a program would be arranged to suit the demand and the requirements of all.

This program, which comprised athletic games of all kinds, was arranged, but the weather prophet seemed to "have it in" for the city, with the result that in the forenoon a steady shower began, and was kept up until the middle of the afternoon. The morning exercises, comprising foot and sack races, hurdle races, bicycle races, etc., for the juvenile set, was pulled off, and was greatly enjoyed by the hundreds who lined either side of East Liberty street. These numbers were quite exciting and provoked a great deal of amusement and interest.

The rain prevented the fulfillment of the program in the afternoon, with the exception of the baseball game between the Oak Halls and Starke. The weather at 3 o'clock was favorable, and a few moments later the game was called at the park.

There were about six hundred present to witness this game, as it was supposed that it would be one of the finest and most interesting contests of the great national game to be seen here this season. The people were disappointed, however, as the Oak Halls had no difficulty in making the most embarrassing defeat ever seen on a Gainesville diamond, the score being 9 to 0. The Starke boys are very good players, but the team became rattled in the first half of the first inning, when they permitted the Oak Halls, by errors, to score six runs. This completely unnerved the visitors, who could do nothing to overcome this record. The game was pleasant throughout, however, and ended in a most friendly way.

Hon. J. T. Wills, Judge of the Eighth Judicial Circuit, was slated for orator of the day, and was to have delivered his address at 2 o'clock, but the weather was such that it was impossible for him to do so. Judge Wills was here, however, and would have fulfilled that portion of the program had the weather permitted. He is one of the best and most eloquent orators in the State, and the people missed a great treat in not hearing him.

In the evening on the campus of East Florida Seminary, there was a grand display of fireworks, under the personal direction of Prof. L. J. Burkhim. This display was witnessed by several hundred people and was pronounced by far the best ever seen in this section.

In all, considering the weather, the Fourth in Gainesville was a grand success, and our people are under obligations to the committee who had the arrangements in charge.

A CREW OF GREEKS.

Came from Sponging Schooner and Bound for Tarpon Springs.

Greeks of the sponging schooner Bright, Captain John Rondon, passed through the city Tuesday. They were en route from Cedar Key, where they made port, for Tarpon Springs, and will join another vessel.

Notwithstanding that the price of sponge has been greatly decreased during the present season on account of the plentiful catch, the business has proven profitable, by reason of the heavy catches. For the first time in the sponge industry, divers have been employed in the work, with big results.

While the catches of the divers are not as perfect as those brought up by hooks, the system of gathering is considered much better.

LIGHTNING'S PRANKS.

Struck and Killed Valuable Cow, and Shocked Several Children.

Report comes from North Gainesville the lightning played havoc there Wednesday afternoon, striking and instantly putting to death a fine milch cow, valued at $75, belonging to Milo Bennett.

The lightning also shocked several children who were playing in North Gainesville, but no serious damage other than the loss of the cow is reported.

Epworth League Social.

The Epworth League of the Methodist church held a social at the parsonage on Tuesday evening, which was well attended, about sixty-five being present.

The occasion was passed in a most appropriate manner, a number of games, and vocal and instrumental music, being introduced. The evening was beautiful, there being a full moon, and the lawn proved a most inviting resort for those who did not prefer to remain in the house.

Delicious refreshments were served, and altogether the affair was one which will be long remembered and appreciated by those who attended.

Brought Big Crowds.

The Seaboard Air Line railroad brought a large crowd from various points along its line to Gainesville Wednesday. The train from Cedar Key and intermediate points consisted of five cars, all of which were loaded to the fullest capacity. Seventy-five per cent of the passengers left the train at Gainesville, and spent the day pleasantly here.

Nicely furnished rooms to rent on block adjoining square; gentlemen preferred. Inquire at this office.

NEWS OF CITY AND COUNTY CONDENSED

E. B. Godwin of Paradise, manager of the Chase naval stores interests at that point, was a business visitor to this city yesterday. Mr. Godwin, who works a large number of Chinamen, stated that the Celestials were busy on Tuesday night celebrating the Fourth of July, or something else, as they congregated and delivered a prayer or message to "Josh," which they recognize as their god. He was not present himself, but was informed that the Chinamen were "celebrating" in this manner.

Engineer David Haddock of the Atlantic Coast Line was in the city yesterday. Mr. Haddock was in charge of Engine 15 in the wreck at Martin Wednesday night, and gives a graphic description of the occasion and his experience. Mr. Haddock is one of the most fortunate engineers on the road, as he has never been injured in the least in an accident, although he has been unfortunate enough to be in many. His engine on Wednesday night was burned from under his feet, to use his expression, but he escaped without a scratch.

A Delightful Entertainment.

Misses Addie and Lovie Goode gave a pleasant sociable at the Magnolia Hotel Tuesday night in honor of Miss Ida Little, who will shortly leave for her future home in Clearwater. The time was pleasantly passed in various games, delightful refreshments being served during intermission. Miss Little is one of the most charming young ladies who has attended school here during the term recently closed, and her many friends regret that she will not be with them next term, her parents having removed from Cedar Key to Clearwater.

Letter to W. N. Sheats, Gainesville, Fla.

Dear Sir: You are a teacher; here's one for your boys.

If the painting costs two or three times as much as the paint, and one paint goes twice as far as another, how much are those two paints worth?

If Devoe is worth $1.50 or $1.75 a gallon, how much is the other one worth?

How much is a gallon of paint worth anyhow?

The answer is: Depends on the paint.

The reason is: paint isn't always paint. There are true and false paint and short measure.

How much is a short-measure gallon worth? How much is false paint worth? How much is Devoe worth?

There are millions a year in the answer to this last one.

Yours truly,
F. W. Devoe & Co.,
47 New York.

SENATOR MANN RETURNS FROM NORTH

After Delightful Vacation Returns to Duties Here.

STILL TALKING GOOD ROADS

Good Roads Are His Talk by Day and His Dream by Night, and He is Happy That His Ideas Are Gradually Materializing Into Absolute Facts.

Hon. A. S. Mann, more familiarly known throughout the State as Senator Mann, and, to his credit, regarded as "the biggest hard roads crank" in Florida, has returned to the city from New York, where he went with his good wife from Jacksonville on a short vacation, after having been confined closely to work for the past twelve months.

Senator Mann is vice-president of the National Good Roads Association, and is one of the most arduous good roads advocates in the United States. He has been constantly at work in Florida for many years, and has accomplished more for the betterment of the condition of the highways than all others combined.

"Well, I see that you have been away on a short but well earned vacation," remarked The Sun correspondent to Senator Mann shortly after noon Monday, as he was seated in a comfortable rocker in his hotel lobby enjoying a cigar.

"Yes, it was quite a rest," replied Senator Mann, "but you know a fellow can't rest much when he goes from a comparatively small town to a city like New York; and, while we thought it was rest, I was more wearied at nightfall than if I had performed a full day's work. We enjoyed the trip—my good wife and I, but are glad to get back home again."

It will be pleasing information to Senator Mann's Gainesville friends to learn that he proposes in future to make his home here, and will, as land and industrial agent of the Gainesville and Gulf Railroad, exercise his best influence in bringing people here—people who are looking for homes of a substantial nature. As the Gainesville and Gulf will be extended southward, opening up new territory, settlers will be attracted, with the result that in a few years a new scene of activity will be noted along this line.

But in the meantime Senator Mann will not drop the question of good roads. He is a firm believer that good roads and prosperity go hand in hand, and that one is absolutely essential to the other. "We are going to bring a good and refined class of people to Florida," he said, "and one of the most important, in fact the main inducement, are the roads. We must have roads before we can expect to make rapid progress.

"The city has a rock crusher working within a stone's throw of my office on the Gainesville & Gulf building, and I am glad to note the enterprise of the municipality. The crushing of that rock sounds to me the sweetest music possible to produce—it beats the finest orchestra all to death as far as I am concerned, because I realize that every ounce of rock which goes through that crusher means better roads and better streets for Gainesville. I will be glad to see the day when the county will act likewise."

Senator Mann, while on his vacation, never lost an opportunity to say a good word for Florida and its people. He is a fluent and impressive talker, full of interest and in his official capacity as an industrial agent will likely accomplish a great deal.

Florida needs a few more Manns.

Many Have Been Relieved by Visiting This Resort—Game Plentiful in Close Proximity—Beautiful Dowling Park, on Suwannee River.

This celebrated spring is fifty miles from Live Oak and six miles from Perry, on the Live Oak, Perry and Gulf Railroad, owned by the Dowling brothers. It is most easily reached by taking the Seaboard train from Gainesville at 7:40 a. m. for Live Oak, from which place you leave via the Dowling road at 2:40 p. m. for the spring, reaching there at 6:20. There is one hotel and two boarding houses for the accommodation of visitors and health seekers, the former being kept by Capt. A. Y. Hampton, for many years the efficient and popular conductor on the Atlantic Coast Line between Lake City and High Springs. He and his estimable wife, together with their two charming daughters, Misses Viola and Naomi, and sons, A. Y., Jr., and John, do all in their power to make the stay of guests enjoyable, and if anyone leaves dissatisfied it is through no fault of theirs.

The water from Hampton springs is specially adapted for the cure of rheumatism and stomach troubles and some wonderful cures have been made of these two complaints. It is the most palatable water to be found in the South, and the more one drinks of it the more he wants it being no uncommon thing for a person to drink as much as four gallons in ten hours. As an evidence of the curative power of the water for rheumatism the writer cites of his personal knowledge the case of young Mr. Knight, who was brought to the spring by his father from Tifton, Ga. When he first arrived there his father had to carry him to the spring in his arms, dress and undress him and take him into the bathing pool. The second day after his arrival the young man walked to the spring by aid of crutches; the fourth day with the aid of two small canes, and the sixth day he went anywhere he pleased without the aid of crutch or stick. Of course it requires a longer period to effect the relief in some cases than others, but we do not believe that there is another spring in the country superior to Hampton springs for the cure of rheumatism. Game is to be found in abundance in close proximity to the spring, and during the open season this is the sportsman's paradise.

Dowling Park.

Another one of the finest resorts in the State is Dowling Park, on the same road. It is located on the bend of a bluff on the famous Suwannee river, between Live Oak and Perry. It is a most attractive resort, comfortable swings being placed all over the shady grounds, while the hotel is one of the most modern in the State, being fitted throughout with hot and cold baths.

Goremykin Summoned to Peterhoff.

St. Petersburg, July 3.—Premier Goremykin was summoned to Peterhoff Monday afternoon, presumably in connection with the re-organization of the cabinet. The bourse Gazette says it is rumored that General Trepoff has at last fallen into imperial disfavor and is leaving Peterhoff.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

TERRIBLE ECZEMA ON LITTLE BOY

Mouth and Eyes Covered With Crusts—Face Itched Most Fearfully—Hands Pinned Down to Prevent Scratching

MIRACULOUS CURE BY CUTICURA REMEDIES

"When my little boy was six months old, he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body, was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down: otherwise he would scratch his face, and make an open sore. I think his face must have itched most fearfully.

ALFONSO HOHRATH.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before." F. Hohrath, President of the C. L. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 20 Rink Alley, June 5, 1905. South Bethlehem, Pa.

THE CITY COUNCIL.

Regular Monthly Meeting of the Municipal Legislature Monday.

The regular monthly meeting of the City Council was held Monday night in the council chamber, there being present President G. K. Broome and Aldermen Taylor, Cushman and Hodges, also Clerk Dell.

After the meeting had been called to order, the minutes of previous meetings were read and approved.

A number of bills were presented, passed upon by the auditing committee, and, after transferring monies from one fund to another were ordered paid.

Chief of Police Pinkoson made his report of fines, etc., collected during June, which was received and ordered filed. The report of Collector Ellis was also read and received.

A communication was read from the Board of Public Works, recommending the paving of certain streets throughout the city, and requesting that ordinances be drawn and published requiring said work. The matter was referred to the ordinance committee, with instructions to compile ordinances complying with same.

A communication from E. A. O'Neill, chief of the fire department, recommending that the central fire station be supplied with new flooring, was read, and the same was referred to a special committee of three to investigate.

Superintendent Miller of the waterworks asked for a two-weeks' leave of absence, and the same was granted, provided Mr. Miller would secure some reliable person as a substitute.

Upon motion the council adjourned until Tuesday evening, July 10.

FUNERAL OF ALEX. DOUGLASS.

Was Held From Presbyterian Church Sunday—Largely Attended.

The funeral of Alexander Douglass, the nineteen-year-old son of Mr. and Mrs. James B. Douglass, the death of whom occurred at a late hour Saturday night of fever, after an illness of about three weeks, was held from the First Presbyterian Church at 3 o'clock Sunday afternoon, and the large number of friends who gathered to pay their last sad respects was evidence of the high esteem in which the young man was held in this community.

The services were conducted by Rev. Thos. Park Hay in a beautiful and most impressive manner, his remarks and eulogy of the life of the deceased being especially touching.

The casket was literally covered with fragrant flowers contributed by loving friends, as a further token of their esteem.

Deceased was a member of Company H, Second Infantry, Florida State Troops, Gainesville Guards, and was quite popular among his military associates. The company attended the funeral services at the church in a body, and a squad was detailed to accompany the remains to their last resting-place, as an escort of honor. At the conclusion of the service at the cemetery taps was sounded, and a military salute was fired over the grave.

This was one of the saddest deaths occurring in Gainesville for some time, as deceased was just growing into vigorous manhood, and was suddenly cut down by the grim reaper, Death. He was the idol of his parents, who have always manifested a great pride in him.

Deceased is survived by his parents, three brothers and a sister, to whom the sympathy of friends is extended.

THE PARENTS ARE GRATEFUL.

Extend Sincere Thanks for Kindness of Friends During Son's Illness.

Mr and Mrs J. B. Douglass request me to express to their many friends—and such have all the people of Gainesville proved themselves to be—their warmest appreciation of the many words and deeds of kindness and offices of loving sympathy tendered them in the illness and death of their beloved son, Alexander. Such friendship far exceeds all their thought and anticipation and all their consciousness of worthiness. It has deeply touched their hearts and comforted them in their bereavement, and will never be forgotten. They thank the J. J. Finley Chapter, U. D. C., and the Woman's Christian Temperance Union for the beautiful floral offerings sent. To each and all they extend their fervent, "God bless you for your goodness."

Should any person who has paid the taxes for 1906, find any of the property for which they hold receipts, advertised on the foregoing list, if they will send me the number and date of such receipt, I will investigate receipt and if correct will have same struck from list, so as to prevent sale of same. And no expense will be incurred by them for such advertisement.

We have been as careful as possible in preparing the list, but as in so large eight months collections there may possibly be some items advertised on which the taxes have been paid. I will cheerfully correct any such error at my own expense, if I am informed of such mistake.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It In The Sun.

From Tuesday's Daily Sun:

Ladies' calling cards in latest styles at Sun office.

George Main of Rocky Point was trading in the city yesterday.

Mrs. J. D. Stringfellow has returned from a pleasant visit to Jacksonville.

Mr. and Mrs. T. J. McBeath of Oxford are here on a visit to Mrs. Tom F. McBeath.

Miss Leonora Conway has returned from Live Oak, where she has been for the past two weeks.

Wanted—At once fifteen crosstie choppers; timber never been cut. Pay off every two weeks. W. A. Haile, Gainesville, Fla.

M. J. Ward, a progressive citizen of Kirkwood, was among the prominent visitors to this city yesterday. He made The Sun an agreeable call.

Mr. and Mrs. C. V. McKinstry have been visited by the stork, who left with them on Saturday night a fine boy. Friends extend congratulations.

D. A. Robertson and family have moved from their former home, West Main street, N., to 806 East Lassiter street, where they are pleasantly located.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

In the game of baseball yesterday between the Central City and Tampa teams, colored, the score stood 6 to 5 in favor of the home team. The teams will play again this afternoon.
